Fifth Annual Titan™ Challenge
Thursday, February 17, 2011

Locations:

University of Maine, Orono

University of Southern Maine-Portland

University of Southern Maine-Lewiston/Auburn

High schools can participate from their own school location **New option this year!**

The JA Titan™ Challenge is a business strategy tournament that challenges Maine high school students to run their own virtual corporation.

Students participate during school hours in this daylong event.

Using [JA's online business simulation](#) module, teams are matched with community business professionals who act as advisors during the competition.

Businesses sponsor student teams to unleash creativity, test leadership and demonstrate the competitive nature of the free enterprise system in an online global marketplace.

Each three-student team is paired with a business volunteer advisor to compete statewide with other high school teams through three rounds of competition.

Contest winners receive cash savings bonds or scholarships!
